Proposal #1 – Age Groups

Submitted by Justin Minden, Cayuse Kids Saddle Club

- Adjust the men's age group categories from 16-39 and 40 and over to 16-49 and make Senior Men 50 and Over.

Why: For the past several years it has been a struggle to field enough participants in the 16-39 men's category with several people signing up the day of the show because there were only 3 or 4 men signed up. Furthermore, there simply are not very many boys in the 12-15 age group that will feed the 16-39 age group in the coming years. Adjusting the age groups would even out the numbers to where there are about the same number of participants in each age group and hopefully increase the competitive nature of both age groups and possibly drive numbers up.

Potential Drawback: We may lose those participants who sign up last minute because they may only be signing up because there are less than 5 participants. Also, it can get tricky if you start chasing the numbers game and you could end up trying to adjust numbers each year which may not be a good thing.
